## OOS INFORMATION BULLETIN

**SUBJECT: Mandatory Participation in the DPSCS Respiratory Protection Program**

The use of N95 respirators is an important step to prevent the spread of COVID-19 and other airborne illnesses. As a reminder, participation in the DPSCS Respiratory Protection Program is mandatory for the attached classifications of DPSCS employees. All employees within these classification are required to undergo a medical clearance evaluation to determine if the employee can be “fit-tested” for an N95 respirator. Your facility Environmental Compliance and Safety Officer (ECSCO) in coordination with the Occupational Health Team will provide additional information.

Employees who have a medical condition that prevents them from using an N95 respirator must provide medical documentation to support the claim that the employee is not cleared to be fit tested. Employees who refuse to participate in this program may be subject to discipline.

For questions regarding this provision, please contact your facility ECSCO.
